Forest Ecology and Management, 18 (1987) 319–320
Elsevier Science Publishers B.V., Amsterdam — Printed in The Netherlands

Author Index

Adams, P.W. (Corvallis, OR, U.S.A.) and Sidle, R.C. (Logan, UT, U.S.A.)
Soil conditions in three recent landslides in southeast Alaska 93
Albert, D.A. and Barnes, B.V. (Ann Arbor, MI, U.S.A.)
Effects of clearcutting on the vegetation and soil of a sugar maple-dominated ecosystem, western Upper Michigan 283
Andersson, F.O. (Uppsala, Sweden)
Book review of *Forest Dynamics Research in Western and Central Europe*, by J. Fanta (Editor) 237
Baker, R.L., *see* Joyce, L.A. and Baker, R.L.
Barnes, B.V., *see* Albert, D.A. and Barnes, B.V.
Beer, J.W., *see* Sommaribe, E.J. and Beer, J.W.
Blake, T.J., *see* Grossnickle, S.C. and Blake, T.J.
Campbell, R.K. (Corvallis, OR, U.S.A.)
Biogeographical distribution limits of Douglas-fir in southwest Oregon 1
Chamshama, S.A.O. and Hall, J.B. (Morogoro, Tanzania)
Effects of site preparation and fertilizer application at planting on *Eucalyptus tereticornis* at Morogoro, Tanzania 103
Childs, S.W., *see* Flint, L.E. and Childs, S.W.
see also Childs, S.W. and Flint, L.E.
Childs, S.W. and Flint, L.E. (Corvallis, OR, U.S.A.)
Effect of shade cards, shelterwood and clearcuts on temperature and moisture environments 205
Das, A.K. and Ramakrishnan, P.S. (Meghalaya, India)
Above-ground biomass and nutrient contents in an age series of khasi pine (*Pinus kesiya*) 61
Denne, P. (Gwynedd, Great Britain)
Book review of *Elsevier's Dictionary of Trees and Shrubs*, by H. Vaucher 86
El-Kassasby, Y.A. (Saanichton, B.C., Canada), A.M.K. Fashler and O. Sziklai (Vancouver, B.C., Canada)
Effect of family size and number on the accuracy and precision of the estimates of genetic parameters in the IUFRO Douglas-fir provenance-progeny trial 35
Ennos, R.A. (Edinburgh, Great Britain)
Book review of *Population Genetics in Forestry*, by H.R. Gregorius (Editor) 85
Fashler, A.M.K., *see* El-Kassaby, Y.A. et al.
Felker, P., *see* Glumac, E.L. et al.
Flint, L.E., *see* Childs, S.W. and Flint, L.E.
see also Flint, L.E. and Childs, S.W.
Flint, L.E. and Childs, S.W. (Corvallis, OR, U.S.A.)
Effect of shading, mulching and vegetation control on Douglas-fir seedling growth and soil water supply 189
Glumac, E.L., Felker, P. and Reyes, I. (Kingsville, TX, U.S.A.)
A comparison of cold tolerance and biomass production in *Leucaena leucocephala*, *L. pulverulenta* and *L. retusa* 251
Correlations between biomass productivity and soil and plant tissue nutrient concentrations for *Leucaena leucocephala* (K-8) growing on calcareous soils 241
Grossnickel, S.C. and Blake, T.J. (Toronto, Ont., Canada)
Water relations and morphological development of bare-root jack pine and white spruce seedlings: seedling establishment on a boreal cut-over site 299

Hall, J.B. (Gwynedd, Great Britain)
Book review of *Agroforestry in Australia and New Zealand*, by R. Reid and G. Wilson 163
see also Chamshama, S.A.O. and Hall, J.B.
Hansen, E.A. *see* McLaughlin, R.A. et al.
Hibbs, D.E. (Corvallis, OR, U.S.A.)
The self-thinning rule and red alder management 273
Jackson, D.H. (Missoula, MT, U.S.A.)
Why stumpage prices differ between ownerships: a statistical examination of state and forest service sales in Montana 291
Joyce, L.A. (Fort Collins, CO, U.S.A.) and R.L. Baker (Nacogdoches, TX, U.S.A.)
Forest overstory-understory relationships in Alabama forests 49
Kowero, G.S., *see* Moyo, C.L. and Kowero, G.S.
Landsberg, J.J. (Canberra, A.C.T., Australia)
Book review of *A Theory of Forest Dynamics, The Ecological Implications of Forest Succession Models*, by H.H. Shugart 161
McLaughlin, R.A. (W. Lafayette, IN, U.S.A.), E.A. Hansen (Rhinelander, WI, U.S.A.) and Pope, P.E. (W. Lafayette, IN, U.S.A.)
Biomass and nitrogen dynamics in an irrigated hybrid poplar plantation 169
Mohren, G.M.J., *see* Van Gerwen, C.P. et al.
Moyo, C.L. (Lindi, Tanzania) and G.S. Kowero (Morogoro, Tanzania)
Some observations on sawn hardwood exports from Tanzania 153
Pope, P.E., *see* McLaughlin, R.A. et al.
Ramakrishnan, P.S., *see* Das, A.K. and Ramakrishnan, P.S.
Reyes, I., *see* Glumac, E.L. et al.
Rink, G. and Van Sambeek, J.W. (Carbondale, IL, U.S.A.)
Variation among four white ash families in response to competition and allelopathy 127
Seal, D.T. (West Linton, Great Britain)
Book review of *Plantation Silviculture in Temperate Regions with Special Reference to the British Isles*, by P. Savill and J. Evans 165
Sharma, P.N. and Silva, A.D.S. (Petrolina, Brazil)
Native forest (Caatinga) watershed management for runoff inducement for irrigation 73
Sidle, R.C., *see* Adams, P.W. and Sidle, R.C.
Silva, A.D.S., *see* Sharma, P.N. and Silva, A.D.S.
Somarriba, E.J. and Beer, J.W. (Turrialba, Costa Rica)
Dimensions, volumes and growth of *Cordia alliodora* in agroforestry systems 113
Spitters, C.J.T., *see* Van Gerwen, C.P. et al.
Sziklai, O. (Vancouver, B.C., Canada)
Book review of *Forest Tree Improvement* by FAO/DANIDA 238
see also El-Kassaby, Y.A. et al.
Van Gerwen, C.P., Spitters, C.J.T. and Mohren, G.M.J. (Wageningen, The Netherlands)
Simulation of competition for light in even-aged stands of Douglas fir 135
Van Sambeek, J.W., *see* Rink, G. and Van Sambeek, J.W.

Forest Ecology and Management, 18 (1987) 321–324
Elsevier Science Publishers B.V., Amsterdam — Printed in The Netherlands

Subject Index

Acer spp.
Effects of clearcutting on the vegetation and soil of a sugar maple-dominated ecosystem, western Upper Michigan 283
Agroforestry
Agroforestry in Australia and New Zealand (book review) 163
Dimensions, volumes and growth of *Cordia alliodora* 113
Native forest (Caatinga) watershed management for runoff inducement for irrigation 73
Alder, red *see Alnus rubra*
Alnus rubra
Self-thinning rule and management 273
Allelopathy
Variation among four white ash families in response to competition 127
Ash, *see Fraxinus* spp.
Biogeographical distribution
Limits of Douglas-fir in southwest Oregon 1
Biomass
Cold tolerance in *Leucaena* spp. 251
Correlations between productivity and soil and plant tissue nutrient concentrations for *Leucaena leucocephala* (K-8) on calcareous soils 241
Nitrogen dynamics in an irrigated hybrid poplar plantation 169
Nutrient contents in an age series of khasi pine (*Pinus kesiya*) 61
Breeding
Family size and number effects on the accuracy and precision of the estimates of genetic parameters in the IUFRO Douglas-fir provenance-progeny trial 35
Forest Tree Improvement (book review) 238
Caatinga
Native forest watershed management for runoff inducement for irrigation 73
Clearcutting
Effects of clearcutting on the vegetation and soil of a sugar maple-dominated ecosystem, western Upper Michigan 283
Cold tolerance
Biomass production in *Leucaena* spp. 251
Competition
Self-thinning rule in red alder management 273
Simulation of light in even-aged stands of Douglas fir 135
Conservation
Native forest (Caatinga) watershed management for runoff inducement for irrigation 73
Cordia alliodora
Dimensions, volumes and growth in agroforestry systems 113
Douglas-fir, *see Pseudotsuga menziesii*
Dynamics
Biomass and nitrogen in an irrigated hybrid poplar plantation 169
Forest Dynamics Research in Western and Central Europe (book review) 237
A Theory of Forest Dynamics, The Ecological Implications of Forest Succession Models (book review) 161
Overstory-understory relationships in Alabama forests 49
Economics
Some observations on sawn hardwood exports from Tanzania 153

Stumpage price differences between ownerships: a statistical examination of state and forest service sales in Montana 219
Erosion
Soil conditions in three recent landslides in southeast Alaska 93
Eucalyptus spp.
Effects of site preparation and fertilizer application at planting on *E. tereticornis* at Morogoro, Tanzania 103
Fertilization
Biomass and nitrogen dynamics in an irrigated hybrid poplar plantation 169
Effects of site preparation at planting on *Eucalyptus tereticornis* at Morogoro, Tanzania 103
Fraxinus spp.
Variation among white ash families in response to competition and allelopathy 127
Freezing stress
Biomass production in *Leucaena* spp. 251
Genetics
Effect of family size and number on the accuracy and precision of the estimates of genetic parameters in the IUFRO Douglas-fir provenance-progeny trial 35
Forest Tree Improvement (book review) 238
Population Genetics in Forestry (book review) 85
Ground cover
Biomass and nitrogen dynamics in an irrigated hybrid poplar plantation 169
Effects of clearcutting on the vegetation and soil of a sugar maple-dominated ecosystem, Western Upper Michigan 283
Overstory-understory relationships in Alabama forests 49
Variation among white ash families in response to competition and allelopathy 127
Hydrology
Native forest (Caatinga) watershed management for runoff inducement for irrigation 73
Intercropping
Dimensions, volumes and growth of *Cordia alliodora* in agroforestry systems 113
Khasi pine, *see Pinus kesiya*
Landslides
Soil conditions in southeast Alaska 93
Laurel, *see Cordia alliodora*
Leucaena spp.
Correlations between biomass productivity and soil and plant tissue nutrient concentrations for *L. leucocephala* (K-8) on calcareous soils 241
Comparison of cold tolerance and biomass production in *L. leucocephala, L. pulverulenta* and *L. retusa* 251
Maple, *see Acer* spp.
Modelling
Biogeographical distribution limits of Douglas-fir in southwest Oregon 1
Forest Dynamics Research in Western and Central Europe (book review) 237
Overstory-understory relationships in Alabama forests 49
Simulation of competition for light in even-aged stands of Douglas fir 135
A Theory of Forest Dynamics, The Ecological Implications of Forest Succession Models (book review) 161
Mulching
Effect of shading, mulching and vegetation control on Douglas-fir seedling growth and soil water supply 189
Nitrogen
Biomass in an irrigated hybrid poplar plantation 169

Effects of site preparation and fertilizer application at planting on *Eucalyptus tereticornis* at Morogoro, Tanzania 103
Nomenclature
Elsevier's Dictionary of Trees and Shrubs (book review) 86
Nutrient content
Above-ground biomass in an age series of khasi pine (*Pinus kesiya*) 61
Correlations between biomass productivity and soil and plant tissue nutrients for *Leucaena leucocephala* (K-8) on calcareous soils 241
Effects of clearcutting on the vegetation and soil of a sugar maple-dominated ecosystem, Western Upper Michigan 283
Overstory-understory relationships
In Alabama forests 49
Phosphorus
Correlations between biomass productivity and soil and plant tissue nutrient concentrations for *Leucaena leucocephala* (K-8) on calcareous soils 241
Effects of site preparation and fertilizer application at planting on *Eucalyptus tereticornis* at Morogoro, Tanzania 103
Picea spp
Water relations and morphological development of bare-root jack pine and white spruce seedlings: seedling establishment on a boreal cut-over site 299
Seedling growth
Shadecards, shelterwoods, and clearcuts effects on temperature and moisture environments 205
Shading, mulching and vegetation control effects on Douglas-fir and soil water supply 189
Site preparation and fertilizer application effects at planting on *Eucalyptus tereticornis* at Morogoro, Tanzania 103
Variation among white ash families in response to competition and allelopathy 127
Water relations and morphological development of bare-root jack pine and white spruce: establishment on a boreal cut-over site 299
Self-thinning rule
Red alder management 273
Shading
Shadecards, shelterwoods, and clearcuts effects on temperature and moisture environments 205
Shading, mulching and vegetation control effects on Douglas-fir seedling growth and soil water supply 189
Shelterwood
Shadecards and clearcuts effects on temperature and moisture environments 205
Site preparation
Fertilizer application effects at planting on *Eucalyptus tereticornis* at Morogoro, Tanzania 103
Soil conditions
Clearcutting effects on the vegetation and soil of a sugar maple-dominated ecosystem, western Upper Michigan 238
Correlations between biomass productivity and soil and plant tissue nutrient concentrations for *Leucaena leucocephala* (K-8) growing on calcareous soils 241
Landslides in southeast Alaska 93
Soil temperature
Shadecards, shelterwoods, and clearcuts effects on temperature and moisture environments 205

Shading, mulching and vegetation control effects on Douglas-fir seedling growth and soil water supply 189
Soil water stress
Shadecards, shelterwoods, and clearcuts effects on temperature and moisture environments 205
Shading, mulching and vegetation control effects on Douglas-fir seedling growth and soil water supply 189
Site preparation and fertilizer application at planting on *Eucalyptus tereticornis* at Morogoro, Tanzania 103
Variation among white ash families in response to competition and allelopathy 127
Spruce, *see Picea* spp.
Understory
Clearcutting effects on the vegetation and soil of a sugar maple-dominated ecosystem, western Upper Michigan 283
Overstory relationships in Alabama forests 49
Variation among white ash families in response to competition and allelopathy 127
Water relations
Morphological development of bare-root jack pine and white spruce seedling establishment on a boreal cut-over site 299
Watershed management
Native forest (Caatinga) runoff inducement for irrigation 73
Weed control
Biomass and nitrogen dynamics in an irrigated hybrid poplar plantation 169
